Texas Commission on the Arts – Investing in a Creative Texas

The mission of the Texas Commission on the Arts (TCA) is to advance our state economically and culturally by investing in a creative Texas. TCA's role in State government is pivotal to ensuring that Texas continues to thrive in the 21st century. As prominent researchers increasingly note, our economy relies on a creative workforce and creative industries.

The Texas Cultural Trust's "2021 State of the Arts Report" notes that the arts and culture industries play a major role in the state's overall economy. Not only does the creative economy promote innovation, but its \$6.1 billion in taxable sales contribute nearly \$380 million in annual sales tax revenue (See FIGURE A). Nearly 900,000 Texans are employed in the creative sector, which represents 1 in 15 jobs.

TCA supports and provides direction to the creative and cultural sector of Texas, resulting in positive benefits to all Texas communities. The agency's support of arts organizations throughout the state fosters the following outcomes:

- Creating and preserving full and part-time employment for thousands of Texans;
- Educating students to become creative, innovative thinkers and problem-solvers who master academic content and are better prepared for college and career tracks;
- Cultivating and retaining a creative workforce, that in turn attracts new businesses to our state;
- Attracting cultural tourists, who stay longer and spend more money than other types of tourists, to the state;
- Enhancing Texas' quality of life as a way to attract businesses and a highly skilled workforce; and,
- Advancing the priorities of Texas State government to address critical community needs in the areas of economic development, public safety and criminal justice, health and human services, education, and natural resources and agriculture.

TCA believes that public investment in the arts is crucial to supporting our economy, educating our citizens, promoting cultural tourism, and ensuring that all Texans have access to arts experiences that enhance quality of life. For these reasons, 91% of TCA's budget is expended in grants to support arts and cultural organizations throughout the state (See FIGURE B).

The Commission is composed of nine members appointed by the Governor with the advice and consent of the Senate. Members must represent a diverse cross-section of the fields of the arts and be widely known for their professional competence and experience in the arts. At least two members must be residents of a county with a population of less than 50,000. Members of the Commission serve staggered terms of six years. The Chair of the Commission is appointed by the Governor. A Commission Vice-Chair is elected by Commission members and serves at the pleasure of their peers. TCA's Executive Director is the Commission's sole employee. The Commission and the Executive Director work very closely in all matters related to agency policy, programs, budget, and operations. Finally, TCA does not have statutory authority to conduct background checks.

Significant Changes in Policy

During the current biennium, TCA experienced no major changes in its policies. The agency's 2022 Report on Customer Service reflects the field's overwhelmingly positive experiences accessing TCA's programs and services. Statewide listening tours and constituent site visits have reinforced that the agency's grant programs and services are extremely valuable and that customer service is much improved under the current administration.

Significant Changes in Provision of Service

The impact of the COVID-19 pandemic on the arts and cultural industries has been deeply felt throughout the state. Arts and culture groups were the first to close and among the last to reopen. They are still in recovery mode and have looked to TCA for assistance. As a result, TCA has experienced an increased demand for its services and grants. TCA staff have responded by providing virtual opportunities for professional development and quickly distributing federal COVID relief grants (CARES and ARPA) received from the National Endowment for the Arts to organizations throughout the state.

Even with these additional funds, the need for more support is great, and TCA's current budget is unable to accommodate the requests.

Significant Externalities

The COVID-19 pandemic impacted every aspect of life. Arts and culture organizations were devastatingly impacted and continue to recover from almost two years of limited operations.

The state is experiencing two major shifts that are impacting the constituents TCA serves. The aging and retiring leadership in nonprofit arts organizations has been coupled with the effects of the Great Resignation, leading to an increase in institutional memory loss. The second shift continues to be the rapidly changing demographic makeup of the state in general. These factors will require TCA and its constituents to reexamine both how we do business and our roles in contributing to the state's economy.

Recent articles describing a so-called "Creativity Crisis" find that Americans are falling behind in creativity. Critical issues facing our citizens and communities, as well as government, require creative solutions and innovative approaches. TCA's work in support of the creative industries assists in finding creative solutions to challenging problems, including the effects of the pandemic.

813 Commission on the Arts

Many creative organizations throughout the state provide arts and cultural services that expand far beyond the walls of a theater, concert hall, or museum. Through their efforts in education and community outreach, they contribute positive solutions to the problems facing the state. These organizations equip a creative workforce, so it is forward-thinking and prudent for Texas to invest in these areas.

Purpose of New Funding

For the 2024-25 biennium, TCA requests the following exceptional items beyond its base-level funding:

- Exceptional Item #1 – Additional Grant Funds for Arts Organizations

The amount appropriated to TCA to support grants for arts organizations' general operating and project expenses has remained flat since 2014. The state has experienced a significant growth in the number of arts organizations that are eligible for these grants since 2014. The cost of conducting business has also increased significantly. As a result, each grant awarded has less impact and must be reduced in order to serve arts organizations throughout the state. Recently, TCA has been faced with a 30% increase in organizations seeking support (See FIGURE C).

Due to the static funding levels and increased population, Texas now ranks 48th in per capita arts funding according to a 2022 report from the National Assembly of State Arts Agencies. The ability of Texas arts organizations to continue to contribute to the state's economy and maintain employment opportunities requires an increased investment. Each grant awarded by TCA must be matched with private funds 1:1.

TOTAL \$3,000,000 over the biennium

- Exceptional Item #2 – Additional Grant Funds for Cultural Districts

Pursuant to HB 2208, 79th Legislature (R), to date TCA has designated 51 unique cultural districts throughout the state as centers that provide economic development and cultural tourism opportunities (See FIGURE D). TCA provides Cultural District Project grants for prominent, highly visible projects, exhibitions, festivals, etc. throughout the state that utilize the arts to achieve one or more of the following goals:

- Attracting artists and cultural enterprises to the community;
- Encouraging business and job development;
- Addressing community-specific needs;
- Establishing tourism destinations;
- Preserving and reusing historic buildings;
- Enhancing property values; and/or

- Fostering local cultural development.

TCA's Cultural District program has evolved to be an extremely important part of the agency's work. The demand for grants supporting this work has increased dramatically. TCA first received an appropriation for Cultural Districts in 2016. In just six years, the number of organizations in designated Cultural Districts that are eligible to apply for funding has increased 97% from 110 to 217 (See FIGURE E).

Additional funding is necessary to continue support for this very successful and impactful program.

TOTAL \$5,000,000 over the biennium

- Exceptional Item #3 – Funds for Employee Retention

TCA has a highly-skilled and dedicated staff. All employees in leadership positions and grant administrators have degrees and/or practical expertise in the arts. The agency has a history of employees with long tenure. However, in recent years TCA has experienced an increase in employee turnover.

TCA's budget utilizes only 9% of its funds for administration, with salaries and benefits accounting for only 7%. Since the demand on TCA's budget leaves little opportunity for salary increases, employees have not even received cost of living increases. The issue of compensation consistently receives poor ratings in the Survey of Employee Engagement (SEE) Report from employees (See FIGURE F). In order to maintain a qualified and committed staff, the agency requires additional funds to assure employee satisfaction and retention.

TOTAL \$300,000 over the biennium

Conclusion

The creative industries in Texas contribute significantly to the state's economic health and the potential exists for these industries to grow and thrive even more. As philanthropic resources become increasingly scarce in many corners of the state, TCA ensures that Texas remains competitive with other states that invest significantly more in the arts and culture sector. This Legislative Appropriations Request represents a reasonable goal that will further protect Texas' high quality of life and sustain its reputation as a great place to do business. TCA's work is crucial in developing a creative workforce that can respond effectively and flexibly to current and future economic challenges. This can only be achieved when the State of Texas adequately invests in the creative industries.

		\$(144,662)	\$0	\$0	\$0	\$0
Comments: Sales of the State of the Arts specialty license plate are expected to continue to decline. As a result, we originally budgeted \$100,000 revenues/expenditures in 2021. The additional lapse is largely related to fourth quarter cancelled/returned grants and administrative savings due to COVID-19 impact on activities. Because the agency has the ability to carry these funds forward, this is a lapse of budget and not a lapse of funds.

The Texas Commission on the Arts invests public funds in the form of grants to established arts organizations to help them produce the best artistic offerings in the country.

Arts Create provides two-year operational support to established arts organizations. The program is intended to advance the creative economy of Texas by investing in the nonprofit arts industry of the state. Arts Create is intended for overall operational support and does not fund specific programs.

Arts Respond is a grant program for all 501(C)3 arts organizations and uses the arts to respond to the critical issues facing the state of Texas. This program provides project assistance grants on a short-term basis and may include administrative costs directly related to the project.

Performance Support grants fund professional fees for schools, libraries, and nonprofit organizations that hire artists from the TCA Touring Roster to perform. Agency Initiatives are programs where outside donors have designated gifts for specified purposes. Occasionally, the Commission may designate funds for other initiatives.

Arts Respond projects must address one of the State’s priority issues that the Governor and Legislature have identified :

- Education: Intended for projects that use art to promote innovations in K-12 education (must be TEKS-aligned).
- Health & Human Services: Intended for projects that use art to improve human health or functioning. Designed for projects that occur in a health care or human services setting such as a hospital, clinic, senior activity center, women’s shelter, or homeless shelter.
- Economic Development: Intended for projects that use art to diversify local economies, generate revenue, and attract visitors and investment. Designed for projects that focus on cultural tourism, such as festivals, gallery walks, and art fairs.
- Public Safety & Criminal Justice: Intended for projects that use art to prevent juvenile delinquency and recidivism. Designed for projects that focus on at-risk youth in a community setting or incarcerated populations in juvenile detention centers, prisons, alternative learning centers, or after school programs.
- Natural Resources & Agriculture: Intended for projects that use art to understand and/or improve the ecological and agricultural environment. Designed for activities in rural counties such as festivals, fairs, gallery exhibitions or theatric presentations; or those activities focusing on ecological issues such as natural resources, energy, and water.

The Texas Commission on the Arts works with the Texas Education Agency and with the arts education community throughout Texas to ensure that creative arts are a basic component of education. TCA grants funds to public and private schools and non-profit organizations which provide integral, curriculum-based activities for students and teachers through vibrant art-based programs.

Although it mandates that arts education should be provided to all students, current law does not specify how schools should address this mandate. The result is that the scope of arts education in Texas public schools varies greatly among districts and campuses. For these reasons, almost all non-profit arts organizations have developed educational programs to assist in bridging the gap in arts instruction. TCA funding to these nonprofit arts organizations supports programs that focus on arts activities that are aligned with the TEKS. TCA anticipates a continued rise in arts education grant applications due to arts instruction being reduced or eliminated in some public schools because of budgetary constraints, lack of staff expertise, and constraints around graduation requirements.

DESCRIPTION / JUSTIFICATION:

The amount appropriated to TCA to support grants for arts organizations' general operating and project expenses has remained flat since 2014. The state has experienced significant growth in the number of arts organizations that are eligible for grants. Recently, TCA has been faced with a 30% increase in organizations seeking support. Without an increase of funding to match the growth, each grant awarded must be reduced in order to serve the many arts organizations throughout the state.

EXTERNAL/INTERNAL FACTORS:

Due to the static funding levels and increased population, Texas now ranks 48th in per capita arts funding according to a 2022 report from the National Assembly of State Arts Agencies. The ability of Texas arts organizations to continue to contribute to the state's economy and maintain employment opportunities requires an increased investment.

DESCRIPTION / JUSTIFICATION:

TCA's Cultural District program has evolved to be an extremely important part of the agency's work. The demand for grants supporting this work has increased dramatically. TCA first received an appropriation for Cultural Districts in 2016. In just six years, the number of organizations in designated Cultural Districts that are eligible to apply for funding has increased 97%.

EXTERNAL/INTERNAL FACTORS:

To date TCA has designated 51 unique cultural districts throughout the state as centers that provide economic development and cultural tourism opportunities. TCA provides Cultural District Project grants for prominent, highly visible projects, exhibitions, and festivals, etc., throughout the state. Rider 4. Cultural District Grants would need to be updated to reflect the eventuality of this exceptional item.

DESCRIPTION / JUSTIFICATION:

TCA's budget utilizes only 9% of its funds for administration, with salaries and benefits accounting for only 7%. Since the demand on TCA's budget leaves little opportunity for salary increases, employees have not received cost of living increases. In order to maintain a qualified and committed staff, the agency requires additional funds to assure employee satisfaction and retention.

EXTERNAL/INTERNAL FACTORS:

TCA has a highly-skilled and dedicated staff. All employees in leadership positions and grant administrators have degrees and/or practical expertise in the arts. The agency has a history of employees with long tenure. However, in recent years TCA has experienced an increase in employee turnover.

B. Assessment of Attainment of HUB Procurement Goals

Attainment:

The agency attained or exceeded 2 out of 3 of the applicable agency HUB procurement goals in FYs 20 and 21.

Applicability:

The mission of the Texas Commission on the Arts is to advance our state economically and culturally by investing in a creative Texas. Accomplishing this mission requires a very narrow scope of business operations. Essentially, the agency provides grants and administers these grant programs. Approximately 91% of the agency's annual budget is spent on grantsmaking, which does not factor into the calculations for HUB reporting; however, a significant portion of this spending goes to nonprofit entities owned and operated by historically underrepresented groups. For fiscal years 2020 and 2021, neither the Heavy Construction, Building Construction, nor Special Trade Construction category were applicable to agency operations.

Factors Affecting Attainment:

The majority of the agency's annual spending in the Other Services category is represented by a single IT staff augmentation contract with a non-HUB vendor whose long-standing and highly-specialized knowledge of the agency's Grants Management System justifies this ongoing business relationship. The second largest annual expenditure in the Other Services category consists of reimbursements of out-of-pocket travel, lodging, and incidental expenses incurred by evaluators who volunteer their time and expertise reviewing grant applications and making recommendations for Commission approval. The pool of evaluators includes a significant number of women and individuals from other historically underrepresented groups; however, like our grantee organizations, these private citizens are not registered HUBs.

Agency Code: 813 Agency: Commission on the Arts

C. Good-Faith Efforts to Increase HUB Participation

Outreach Efforts and Mentor-Protégé Programs:

The agency has limited procurement and contracting needs and rarely requires spot purchases. As such, most purchases are made per the Comptroller's State of Texas Procurement Guidelines, through recommended vendors.

HUB Program Staffing:

The agency has one purchaser also serving as the HUB coordinator. The agency is strongly committed to purchasing goods and services from HUB vendors wherever possible.

Current and Future Good-Faith Efforts:

Given the agency's overall limited procurement needs, Texas Government Code first-choice supplier provisions, and that there are few qualified HUB providers of the few Other Services the agency does utilize, opportunities for HUB utilization are limited. The agency remains strongly committed to purchasing goods and services from HUB vendors, wherever possible.

REVENUE ASSUMPTIONS:

Arts Operating Fund Account #334 balances consist of State of the Arts specialty license plate sales revenue and depository interest earned on or before 8/31/13. Successive legislatures have spent-down the balance of this account over time and it is anticipated that \$0 will remain at fiscal year-end 2023. This appropriations request assumes that Appropriated Receipts (donations) will represent the entirety of all revenues and expenditures to/from this account going forward.

REVENUE ASSUMPTIONS:

Beginning 9/1/13, State of the Arts specialty license plate sales revenue is deposited to the agency's credit in the License Plate Trust Fund Account #802. Depository interest on these balances is also deposited to the credit of the agency in the License Plate Trust Fund Account #802. Sales of the State of the Arts specialty license plate have consistently declined in recent years. Because of the declining sales, the agency explored other options for this revenue source. In 2022, the agency entered into an agreement with MyPlates to create a new specialty license plate for the agency, which will be made available to the public in FY23. The agency is budgeting conservatively at the current rate for 2024-25 but hopes to see an increase in license plate revenue from sales of the new specialty license plate.
